

FOR IMMEDIATE RELEASE

Edelweiss Returns to Denver International Airport

Nonstop flights to Zurich will operate twice weekly

DENVER – June 13, 2022 – Today Denver International Airport (DEN) celebrates the return of Edelweiss, the Switzerland-based leisure airline, after a nearly three-year hiatus. Beginning June 13, Edelweiss will once again connect Denver nonstop to Zurich (ZRH) with twice-weekly flights onboard Airbus A340-300 aircraft.

“The return of Edelweiss is a significant milestone in our recovery out at Denver International Airport,” Mayor Michael B. Hancock said. “Service has now been restored to all European countries, and through the unique service offered by Edelweiss the Mile High City is once again connected with Switzerland, providing passengers with more options to explore Europe.”

Edelweiss last operated DEN-ZRH service in September 2019. Edelweiss is the final carrier to resume flights at DEN following service suspensions associated with the COVID-19 pandemic.

“The USA is one of the most popular summer destinations for the Swiss. I am very pleased that we are flying to Denver, our third destination in the USA after the pandemic. We had to wait long enough for this moment,” said Edelweiss CEO Bernd Bauer. “We are very pleased that Denver and Zurich are once again connected with a direct flight and can hardly wait to fly many Americans directly to the heart of Europe as well.”

In 2019, Zurich ranked among Denver’s 10 largest markets in Europe with more than 25,000 annual passengers traveling between the two cities. Demand for travel between Denver and Zurich peaks in the summer months, with more than 50% of travel taking place between June through September.

“The return of Edelweiss to Denver is very timely for the high season, and after COVID-19 related restrictions were lifted for US travelers to Switzerland”, said Ambassador Balz Abplanalp, Consul General of Switzerland in San Francisco. “Our country stands for sustainable travel experiences, with exclusive trips through mountains, meadows, and lakes that create authentic Swiss moments for our American friends.”

Customers travelling from Denver can book seats through Edelweiss' sister airline, Swiss International Air Lines at www.swiss.com. Edelweiss flights will operate on Mondays and Fridays until Sept. 12, 2022.

Denver International Airport is the third-busiest airport in the world. DEN is the primary economic engine for the state of Colorado, generating more than \$33 billion for the region annually.
