

FOR IMMEDIATE RELEASE

Everett Martinez Named New General Counsel/Executive Vice President for Denver International Airport

DENVER – June 30, 2022 – Today, Denver International Airport (DEN) and the Denver City Attorney’s Office named Everett Martinez as the new General Counsel/Executive Vice President for DEN. Martinez will oversee a team of 18 attorneys and legal professionals supporting DEN in this position. DEN Legal, a section within the Denver City Attorney’s Office (CAO), negotiates real estate transactions, drafts contracts, secures bond financing, litigates and defends legal claims, and ensures legal and regulatory compliance with federal, state, and local laws on behalf of the airport.

“Everett Martinez is a creative, forwarding-thinking leader who has been critical to DEN’s success over the last six years, and we are excited for him to serve as General Counsel for DEN,” said Denver City Attorney Kristin Bronson. “He is an experienced attorney who is also a devoted mentor to junior attorneys and a significant contributor to our equity, diversity, and inclusion goals.”

Martinez brings to this role 15 years of experience and has been with the Denver CAO since 2016, serving as an attorney with DEN and most recently becoming Assistant General Counsel at DEN in 2020. Martinez specializes in complex financial transactions, and he has been a tireless advocate for DEN in many facets of operations, advising executive leadership and helping to solve critical problems.

“In 1993, I toured DEN during its construction and was in awe of the facility. It’s been a dream come true to represent the airport, and I am honored to be selected to lead such an exciting enterprise,” said Martinez.

Before joining DEN, Martinez worked for Kutak Rock as a public finance attorney and spent a decade in the law firm setting, most recently with Greenberg Traurig. Martinez is a graduate of the University of Colorado and Harvard Law School.

Martinez will move into his role as General Counsel/Executive Vice President in early July.

Denver International Airport is the third-busiest airport in the United States and one of the top ten busiest airports in the world. DEN is the primary economic engine for the state of Colorado, generating more than \$33 billion for the region annually.
