FOR IMMEDIATE RELEASE

Construction Impacts on Peña Boulevard near Jeppesen Terminal

DENVER – Aug. 5, 2018 – Annual road maintenance along Peña Boulevard is progressing and beginning Aug. 5, work near Jeppesen Terminal on Peña will require overnight lane closures. Drivers travelling to the airport this week between 8 p.m. and 4 a.m. are encouraged to allow extra time to reach the Terminal.

Heading to the airport, drivers can expect lane closures in the two far-right hand lanes east of Jackson Gap approaching the Terminal between 8 p.m. and 4 a.m. The left three lanes will be open for thru traffic and the closures will not affect access to Terminal East or Terminal West.

During construction, drivers are encouraged to move to the left when approaching Jackson Gap. Speeds are reduced to 45 mph in construction zones and vehicle passing is not allowed within the traffic control work areas. Work is anticipated to be complete by Aug. 10. The public's patience is greatly appreciated as crews work to ensure a safe and smooth drive for everyone.

Denver International Airport is the fifth-busiest airport in the United States. With more than 61 million passengers traveling through the airport each year, DEN is one of the busiest airline hubs in the world's largest aviation market. DEN is the primary economic engine for the state of Colorado, generating more than \$26 billion for the region annually.
