**Colorado Through the Seasons Photography Exhibit on
Display at Denver International Airport**

DENVER – May 11, 2022 – The *Colorado Through the Seasons* photography exhibit captures nature’s beauty in Colorado through ever-changing seasons. The vibrant, 35-photo series captures wildflowers blooming in the spring, the green mountains and blue lakes of the summer, the changing leaves in the fall, and snow blanketing the wilderness in the winter.

Photographer Jeremy Janus picked up photography later in life, when he turned 30 after moving back home to Colorado. His biggest inspiration was the wilderness in his home state, colorful Colorado. This photo series is his ode to Colorado nature.

Colorado Through the Seasons can be viewed on Concourse A, just beyond the bridge security checkpoint. The photos will be on display through the end of the year.
